Adopted Resolution to Appoint Com- mittee

WILL CONSIDER ACTION

Members of Congress Angered at President's "Insult"

Representative Perkins, Repub- lican, Who Introduced Resolu- tion, Makes a Statement.

Washington, Dec. 11.—The House this afternoon adopted a resolution introduced by Perkins (Rep.) of New York, and appointed a committee consisting of Perkins, Denby (Rep.) of Michigan, Weeks (Rep.) of Massachusetts, Williams (Dem.) of Mississippi, and Lloyd (Dem.) of Missouri, to consider action in reference to that portion of the President's message in which he intimates that member of Congress needed watching by the secret service.

In presenting the resolution Mr. Perkins said:

"It is of importance to the republic that all co-ordinate branches of the government should possess, in a high degree the confidence and respect of the people. The dignity of this body should not be punctiliously insisted upon, but it should be properly sustained. The statements made by the President cannot be lightly disregarded. These may be so construed by the public as to lessen the dignity, and thereby impair the usefulness of Congress. It can be justly said, I think, that these expressions were unfortunate. Whether it is enough to say this, or whether some more formal action should be taken it will be for Congress, exercising wide and discreet judgment, to decide."

Ottawa Contest Case Not to be Heard by Judge Who Took Active Interest in Election.

Lima, Dec. 11.—Voluntarily, all saloons and liquor houses closed their doors at 6 o'clock last night to remain closed until 6 o'clock Saturday morning. This action was taken to forestall and complaint of drunkenness at the polls today when Allen county, with 83 saloons, four wholesale houses and two breweries, takes its vote under the Rose law. Big mass meetings were held last night in every village and school district of the county. Senator Thomas M. Berry, chairman of the drys, claims the county by 2000. Chairman Walther, for the wets, claims 1500 majority.

JUDGE CAN'T HEAR CASE.

Ottawa, Dec. 11.—The Circuit court yesterday mailed its decision from Findlay to the clerk of the courts of Putnam county in regard to the local option contest, deciding that the judge of the Common Pleas court should hear the case instead of Probate Judge Heddebaugh, who took an active part in the temperance cause when the county was voted dry October 13 by 21 votes. The election is being contested by the wets who claim an error on the pollbooks in the

MURDER

Suspected in Mysterious Death of a Toledo Fireman Whose Body Was Found in River.

Ashtabula, Dec. 11.—Murder is suspected in the mysterious death of Albert Steckert, a Toledo fireman on a tug of the Standard Construction company. The body was found this morning in the river. Steckert was paid off last night and started up town. No money was on the body when found.

A few minutes before the verdict was rendered Francis J. Heney, the assistant district attorney, who had charge of the trial until he was shot down by Morris Haas, on November 13, had been driven away from Carpenters' hall in an automobile. Notwithstanding the presence of a score of officers, who did all they could to restrain the demonstration, as Mr. Heney entered the court room, men and women rose to their feet and cheered, waving hats or handkerchiefs until the bailiffs and detectives interfered. RUEF

Found Guilty of Bribery by Jury

TRIAL LASTED 106 DAYS

Sentence to be Passed Later, Maximum Pen- alty Being 14 Years

Assistant District Attorney Heney Accorded Great Demonstration in the Court Room.

San Francisco, Dec. 11.—Abe Ruef, convicted ex-city boss, was warned today to prepare to again go on trial next Monday on another of the indictments still hanging over him. Prosecutor Heney is back on the job and is so well satisfied with the success that he is determined to press the trial of all other alleged city grafters.

San Francisco, Cal., Dec. 11.—Abraham Ruef, former political boss of San Francisco, was convicted yesterday of bribery. The verdict was returned exactly on the stroke of four o'clock, when the deliberations of the jury had been prolonged throughout a period of 24 hours.

The warnings of Judge William P. Loring and the vigilance of the police checked all attempted demonstration, although the excitement in the court room was so intense that men were thrust down into their seats or held in the grasp of detectives as they rose to obtain a better view of the proceedings.

The trial, which has been in progress for 106 days, ended with surprising abruptness. The day had almost passed without sign or intimation from the curtained chamber on the upper floor of Carpenters' hall, the hopes of Ruef and his attorneys had risen with every hour of delay and the adherents of the prosecution were proportionately discouraged.

As the jurors filed into the court room and took their seats in the jury box, Judge Loring asked Foreman McNamara:

"Have you gentlemen reached a verdict?"

"We have," replied the foreman as he handed a folded slip of paper to Clerk Welch. An impressive silence followed, as the clerk slowly and deliberately, yet with apparent agitation unfolded the paper and read the fatal words, "We, the jury, find the defendant, Abraham Ruef, guilty as charged."

Immediately everybody arose to his feet. There was a murmur of approval, but no scene or demonstration. Ruef sat between his father and Thomas B. Dozier, of the defense, when the verdict was returned. He had spent the greater part of the day in conversation with his aged parent though his face paled and his eyes remained fixed for a long time upon the men who had pronounced his fate, almost his first thought was for the elder Mr. Ruef.

He whispered a few words of encouragement to the old man and sent him out of the room to break the news to the defendant's mother and sisters.

By previous agreement of counsel that the bill of exceptions should be settled later, the court set next Saturday as the day for the forthcoming judgment.

Ruef's conviction renders him liable to a maximum penalty of 14 years in the penitentiary.

The court room was cleared of spectators immediately upon adjournment. The jurors left the box and they and Judge Loring declined to make any statement of the number of ballots taken or the features of their deliberations.

A few minutes before the verdict was rendered Francis J. Heney, the assistant district attorney, who had charge of the trial until he was shot down by Morris Haas, on November 13, had been driven away from Carpenters' hall in an automobile.

Notwithstanding the presence of a score of officers, who did all they could to restrain the demonstration, as Mr. Heney entered the court room, men and women rose to their feet and cheered, waving hats or handkerchiefs until the bailiffs and detectives interfered.

TWO PRINCIPALS IN HAINS MURDER CASE; WIFE AND CHILDREN OF CAPTAIN HAINS

With the discharge of the jury in this case.

Both in duration and by reason of the startling and unusual occurrences, the trial has attained position as the most important outgrowth of the exposures of the summer of 1906 when a grand jury, after hearing the confession of 16 members of the board of supervisors, returned scores of indictments charging bribery against the supervisors, Mayor E. E. Schmitz and against Ruef, and also against officials of the street railway system the gas and electric company, two telephone companies, a realty company and a quartet of prize fight promoters.

Ruef has twice appeared to answer one of the scores of indictments pending against him. In the first case, wherein he was charged with extorting money from the proprietor of a French restaurant, the defendant pleaded guilty. The case was afterwards reversed by the higher courts. In the second trial, upon a charge of having bribed supervisors in the application of the Parkside Realty company for a trolley franchise, the jury disagreed after seven hours of deliberation.

CAPT. HAINS

Flushing, N. J., Dec. 11.—The trial of Thornton Jenkins Hains, brother of Captain P. C. Hains, Jr., U. S. A., as an accessory to the murder of William E. Annis at Bayside, N. J., begins at Flushing, N. Y., on December 14. Annis, who was a New York publisher, was slain by Captain Hains, a young army officer, at the fashionable Bayside Yacht club on August 15, after Hains had heard stories coupling the name of Annis with that of Mrs. Hains. While the captain was in the Philippines Annis was a frequent caller at the Hains home in Fort Hamilton, and when he returned, he confronted his wife with the story.

MRS. HAINS

ies he had heard and ordered her away from the house. The killing of Annis followed a short time afterward and caused one of the biggest sensations in army circles in many years. Thornton Jenkins Hains, a wife of sea tales, was present and armed when the shooting occurred. Captain Hains and his brother are in jail, the Hains children are with General and Mrs. Hains, their grandparents, and Mrs. P. C. Hains Jr., is with her parents in New England.

APPEAL

To Courts May be Made by the President

PLANNING LIBEL SUITS

Executive Says He Will Act If They Can be Reached.

President Addresses Waterways Convention on Policy of Irriga- tion in Arid Regions.

Washington, Dec. 11.—President Roosevelt is so deeply stirred over the allegations of scandal in connection with the purchase of the Panama canal by this government that he is thinking of appealing to the courts to establish their accuracy or falsity. In addressing the Waterways convention Thursday afternoon the President announced that he was contemplating the institution of libel suits against the alleged offenders. Earlier in the day he had a talk with C. P. Farnham, an associate of William Nelson Cromwell, the New York lawyer, who negotiated the sale of the canal property to the United States. Farnham had a great deal of information on the subject which the President thought he ought to be put in possession of.

Last night, Attorney Cromwell himself gave out a long defense of his course during the Panama negotiations in New York, and it is understood a copy of this was given to the President by Farnham.

How far the President intends to go in invoking the aid of the law he has not made clear yet, neither has he indicated against whom any action he may institute will be directed.

It would be a unique spectacle for the President of the United States to instigate proceedings of this character.

"I have felt, as the Governor has so well put it," said President Roosevelt at the convention, "that no more important service could be rendered to this country than the building of the canal between the Atlantic and the Pacific, and one thing I am proud of in connection with the building of that canal is that there has not been legitimate cause for the breath of scandal connected with any feature of the proceeding."

"We have cause to be ashamed of only one set of Americans in connection with the building of the canal, and that is of those Americans who have been guilty of infamous falsehoods concerning the acquisition of the property and the construction of the canal itself."

"If they can be reached for criminal libel I shall try to have them reached. If not, at any rate all the facts we know or ever have known are at the disposal of each and every one of you here and of any one in Congress or of all Congress if they wish to see them."

Men in every station suffer untold tortures from inability, nervous exhaustion, kidney and urinary difficulties, so that this will certainly prove a blessing to such and prevent future suffering.

Yes, just as the title would indicate, it was a melo-drama, a burning, sizzling melo-drama, but for those who enjoy a show full of thrilling situations that make the heart beat hard, it was enjoyable. THE PRESS AGENT SAYS:

Otto Meyer, the talented violin virtuoso, whose talent was regarded abroad as a rare "find," will appear at the Auditorium theatre in concert tonight, accompanied by Alexander Russell, pianist, whose talent is likewise regarded with no little esteem by the master teachers. Mr. Russell has had several years of study under Harold Baur, Gadowski, and a number of other piano instructors of note. He is a descendant of General Putnam of Revolutionary fame, and is said to bid fair toward leaving as marked an impression on the musical history of America as did his illustrious ancestor on the political history of this country. Otto Meyer, when last heard here, would have been pronounced by the average music lover as being about as near perfection in the violinist's art as possible, but reports of his rapid progress in study abroad, bespeak for him the great success owing to his wonderful growth in the development of his chosen art.

"The Time, The Place, and The Girl," to be seen at the Auditorium theatre next Wednesday evening, offers the following musical numbers:

ACT I.
Opening Chorus.
"Blow the Smoke Away."
"I Don't Like Your Family."
"Thursday's My Jonah Day."

ACT II.
"First and Only."
"The Waning Honeymoon."
"It's Lonesome Tonight."
"Uncle Sam's Best Girls" and "Dixie I Love You."

ACT III.

Finale—Medley.

AT THE ORPHUM.

The curtain went up last night at the Orphum on one of the strangest looking settings that has ever been seen in Newark. On the floor was a large wrestler's mat, and in the rear behind a huge glass tank filled with clear water, shimmering under the rays from powerful electric light. Bert Swan made his entry in street costume and in a few words told the three and four what he knew about alligators and what he could do with them. He gave several interesting exhibitions of his power over the nally-looking animals and concluded his floor work with a wrestling bout with a nine foot crocodile. Nothing to the wings he made his appearance in a bathing suit and plunged into the tank of water, which was cold. In plain view of the audience, he did a very funny and endurance under water, with a banana. Drinking a without cramps, nausea, nor any weakening effect. MEMBERSHIP CAMPAIGN.

The present membership campaign of the Y. M. C. A. is not a contest. It is simply a business like effort to bring to the attention of the men who ought to be members the fact that now is the time to join. The captains and lieutenants of the six teams are: Men's teams—E. R. Lickinson, L. T. Reese, Arthur Pratt and J. F. Callander. High school—Jay Border, Ray Perry, Don Wright and Harold Davis.

The Grade school boys have for their officers Russell Long, Dale Warner, Duke Claytor and Pauline Forry. Probably the most enthusiastic teams in the lot are the grade school boys. They say they will get their twenty-five new members for each team sure.

Drilling New Wells.

Keep Them Clean.

The probability is that we will have now in a short time. And right now is the time to make a suggestion. Sidewalks ought to be cleaned after a snow fall. If a man hasn't enough pride or regard for the comfort of others, the authorities ought to see that he is compelled to clean the walks.

High Priced Fowl.

Members of the Licking County Poultry Association will be interested in learning that a white Leghorn pullet owned by Henry Young of the Eastern Ohio Poultry association at Warren, O., last week, is supposed to be the highest scoring bird in the world. Judge Felch set \$500 as a price on the bird, which scored 95 points.

Building Outlook Good.

While there has not been as many new buildings erected in Newark this season as there has been in some years, still the number has been greater than expected. An Advocate reporter in conversation with a prominent contractor was told that if it had not been for the condition of the money market early in the season, a great many more buildings would have been built in Newark. Many persons have had plans made for new residences and other buildings, but owing to the high price of lumber and other building materials have deferred building. The indications are that next season will be a very busy one in Newark.

Look After the Babies.

An Advocate reporter Thursday night saw a woman pushing a baby car along the street, in which lay a small child, probably six or seven months old. The thoughtless woman, having a call to go into a store, left the little one in the cab on the street. This conduct is reprehensible in the extreme. The writer knows of an instance in which a man left his child, a mere baby, in a buggy one day recently, while he entered a store, and when he came out

discovered the buggy missing. The horse had wandered along the street for a block or two, when it was stopped by a gentleman and tied and the baby taken out. The child might have been killed through the father's carelessness.

Mrs. Carl Slowly Improving.

Mrs. Lewis P. Carl, who was frightfully burned while tending a bonfire at her home, Wednesday, September 23, and who was removed to her home, 115 West Church street, Wednesday of this week, from the Newark Sanitarium, is reported in a very favorable condition. Mrs. Carl is not yet able to sit up, and did not rest very well Thursday, but her condition is encouraging today.

New Stamps to Arrive Monday.

The new one-cent stamps issued by the postoffice department will probably reach the local office Monday. They are in books of 24 only. The new issue does not include "two-centers," owing to a mistake in their printing, the Arabic numerals having been omitted. By special requisition some sheets of the misprinted twos were sent to the American Philatelic society, which will be used in mailing the society's year book.

Retires From Business.

Mr. Thomas Lippincott, the veteran hackman, who lives at 20 Jefferson street, has just retired from active business after a service here in Newark of over 40 years, disposing of his stock at private sale. Mr. Lippincott has the distinction of having brought to Newark the first hack that appeared on the streets of the city. This vehicle, however, was not used when it arrived on a regular hack line, but was placed in livery. All through Mr. Lippincott's long service he was noted for prompt and satisfactory service rendered, which gathered him a business that was his as long as he was in the business. Mr. Lippincott's many friends will regret to know that he is confined to his residence on account of illness, but he hopes to soon be out among his friends again.

HICKORY CANE PRESENTATION TO GOV. HARMON

POPULAR TRIUMPH PROPOSED LICKING COUNTY DELEGATION ON INauguration DAY.

Subscription of 25 cents from the Democrat who desires to Donate Will be Received at Advocate Office.

The Democracy of Licking county appreciating the fact that one of the ablest and most eminent men of the nation was elected Governor of Ohio on November 3, 1908, and appreciating, too, that Judson Harmon's election means an important step in the return of the Democratic party to power and prestige that has not been enjoyed in recent years, propose a popular manifestation of their esteem in a tribute to be presented to the new Governor on his inauguration day.

That tribute is to be a Licking county hickory cane.

The movement for the cane presentation has already been started. A number of fine hickory sticks have been obtained and are being carefully dried preparatory to finishing.

A small sum of money will be needed to purchase a gold head for the cane, to pay for engraving the same and the finishing of the stick.

This sum is to be raised by popular subscription, each Democrat to donate 25 cents and no more.

The subscription will be received at the Advocate office and the name of every subscriber will be printed in this paper. Democrats can call at the office or send the 25 cents by mail or otherwise. It is desired that Democrats from the country as well as the city be represented in paying this tribute to the new Governor.

FIXEDNESS AND PROGRESS

SUBJECT OF LECTURE DELIVERED BY PROF. C. L. WILLIAMS OF DENISON.

Young Lad Riding Pony Meets With Accident—Granville News Items and Personals.

Granville, Dec. 11.—“Fixedness and progress are the elements of a full orbited mankind,” said Prof. C. L. Williams of Denison University, in an address before the Baptist Men's club of Delaware. “Fixedness plays a most important part in the economy of human life. The polar star is useful to seamen because they always know where to look for it. Systems of religion pass away, but religion remains. Facts are quite independent of their theories. The sun has kept on shining, not caring what theories said of it. Fixedness is needed in human life, just as in nature. But we should be badly off if there were no such thing as change, and we were to stand still. Life would be monotonous and insane if it were not for its multitudinous transitions, from rest to activity, and from one form of activity to another. But man's life needs these two elements to be kept so related and balanced that all goes well, just as they are in the natural world. Jesus Christ of Nazareth furnished an example of this. He said all the fixedness of wise conservatism, regular in attendance upon the synagogue, never broke a promise, and yet he was progressive.”

There was a splendid attendance of the members of Altamaha Lodge, No. 296, Knights of Pythias, of this place, at the regular meeting held on Wednesday evening of this week. Many of the members were in attendance by reason that the election of officers was to be held. After the transaction of a considerable amount of business the election of officers was had and resulted as follows: C. C. Charles V. Jones; V. C., Frank Reese; K. of R. & S. Harry Willis; Prelate, Earl Miller; M. at A., Frank Weston; M. of F., John Thomas; M. of E., Elie Perry; M. of W., William Thomas; Trustee for three years, C. B. Slack.

There was a good attendance at the last regular meeting of Center Star Lodge of Masons of this place, and the officers recently elected were installed by Past Master I. H. DeBow as follows: W. M., C. B. Slack; S. W., J. Boaz Jones; J. W., A. B. Lee; Treasurer, L. A. Austin; Secretary, T. G. Baker; S. D., August Odebrecht; J. D., Joseph Rhoads; Tyler, John DeBow; Stewards, John D. Evans and William McGaw; Chaplain, Rev. Robert Wylie; Directors, Albert Norris, I. H. DeBow and A. L. Armstrong.

While riding his pony on the streets of the village a day or two ago, Dor-

sey Orndorff, son of Mr. and Mrs. Frank Orndorff of the Columbus road, met with a very painful accident. The animal slipped on the ice, with which the road was covered, and fell, with Dorsey under it. When released it was found that one of the lad's legs had been broken and that he had also sustained other injuries. He was assisted to his home where the fracture was set and at his writing he is resting quite comfortably.

There will be regular services at the Presbyterian church Sunday, Rev. S. W. Young of Mt. Pleasant, O., will occupy the pulpit, both morning and evening.

Business has picked up wonderfully in Myrtle Lodge of Odd Fellows during the past month, and scarcely a meeting is held but that business is transacted. At the last meeting of the lodge there was work in the history and the election of officers was held which resulted in the choice of the following: N. G. John McChal; V. G., Harry Forsythe; R. S., John DeBow; F. S., Henry Welsh; Treasurer, T. A. Jones. The officers elected will be installed in January.

Art Mechin, who was arrested for illegally selling fish taken out of Buckeye Lake, was fined \$50 and costs by Squire A. T. Sayre. He admitted selling the fish but said the sale was made in another county. Albert Wethers, charged with having fish nets in his possession, will be tried Wednesday morning of next week before the same court.

At the Methodist church Sunday, the subject for the morning sermon, which will be preached at 10 o'clock, will be “More than Conquerors.” There will also be preaching in the evening at 7 o'clock, subject, “With All Thy Strength.” Class meeting at 9:30 a. m.; Sunday school, 11 a. m.; Junior League, 2:30 p. m.; Epworth League, 6:15 p. m.; prayer meeting, Thursday evening at 7 o'clock.

The usual Sunday services will be held at St. Luke's Episcopal church, conducted by the Rector, Rev. A. Ramsey. The morning sermon will be held at the usual time; Sunday school after service; subject for evening ser-

Anty Drudge's Washing Test.

Anty Drudge—“This basket of clothes was boiled and rubbed the old-fashioned way but ten times, yet the fibre has been so weakened that they're full of holes. The other basket was washed the same number of times the Fels-Naptha way, and there is not a break in them—fabric as strong apparently as when it came off the loom.”

Does Monday morning find your kitchen like a Turkish bath and steam filtering into every room? If you enjoy the odor of boiling clothes, well and good. If you don't, then use Fels-Naptha soap. Fels-Naptha will cleanse your clothes in cold or lukewarm water—no boiling—in half the time it takes by the old-fashioned way. Hard-rubbing and all the other disagreeable features of wash-day done away with.

Use it according to directions on the red and green wrapper.

SAVE THE DAYS CONSTIPATION LOSES FOR YOU EVERY MONTH

POTOSOTE WILL GIVE THE BOWEL REGULATION NECESSARY TO GOOD HEALTH.

You may regard Constipation as a “little ailment,” but have you ever stopped to count the days it loses for you every month? The days you don't feel like working, when you are ambitionless, stupid, cross and out of sorts? Aren't they worth saving—aren't they worth turning into good days?

And have you ever stopped to count the cost of neglecting Constipation—what Constipation may mean to you if you permit it to become chronic? If neglected, it will probably bring on some form of serious stomach trouble—acute indigestion, foul breath, dyspepsia, or perhaps it will be kidney or liver troubles, rheumatism, piles, gall stones, serious skin diseases, or any other of the many diseases caused by faulty elimination of waste products. These are the costs you give it a chance.

The Potosote Co., at all Drug Stores, 35c. a package.

of Constipation neglected.

You can save all the “lost” days and avoid the serious consequences of Constipation, if you'll just go to your drug store and get a 5c package of POTOSOTE—the mineral water salt—and take it as instructed. A package makes a gallon of POTOSOTE MINERAL WATER. All you have to do is to add the water and it will be ready for use. You'll find that it will thoroughly and promptly clean your bowels of all impurities. Its action is pleasant, natural and unattended by cramping, pain or nausea.

Keep your jug of POTOSOTE handy and learn that POTOSOTE will train the bowels into constant regularity—that POTOSOTE will make each day a day worth living, if you will just give it a chance.

YOUR KIND OF OYSTERS.

"First catch your rabbit," is the way an old English recipe begins.

The modern version, applied to oysters is "First buy 'Sealsht'."

"Sealsht" Oysters have that distinctive, salt, oyster flavor. The reason is they are packed in galvanized steel containers, sealed, airtight, with ice around the containers, but not in the oysters. No water is used, "Sealsht" Oysters cannot bloat, nor collect dirt, nor germs.

"Sealsht" Oysters are guaranteed The White Porcelain Case bearing the Blue "Sealsht" Trade-Mark, from which you buy "Sealsht" Oysters, is your protection. You can depend on their wholesomeness, purity, freshness. You can be just as particular about your oysters as about any other food—"Sealsht" Oysters are for particular people.

We sell "Sealsht" only — wouldn't sell any other kind. J. M. Browne & Sons, C. L. Conrad

CURFEW REGULATION.

Probate Court,
Licking County, Ohio, ss. Juvenile Department
Newark, Ohio, December 9, 1908.

By virtue of the authority vested in me, as Judge of the Juvenile Department of the Probate Court of Licking County, Ohio, by an act of the Ohio Legislature, passed April 23, 1908, and recorded in Vol. 99, pages 192, et seq. Laws of Ohio, I do hereby establish and proclaim a curfew regulation for the City of Newark, Ohio.

Beginning Monday, December 14, 1908, at 8 o'clock P. M., it shall be unlawful for any children within the jurisdiction of this Court, to-wit: Children under the age of 17 years, to be or remain upon the streets, alleys or public places of said city of Newark, Ohio,—unless accompanied by parent or guardian, or proper adult person; or—unless said child is engaged in some lawful employment, making it necessary for it to be upon the street at that hour; or is going to or from some place of religious worship, or proper place of amusement, properly accompanied—after the hour of 9 o'clock, P. M., of any day from March 1st to September 31st, and after the hour of 8 o'clock, P. M., on any day from the 1st day of October to the last day of February of each year.

The curfew whistle will blow each night a quarter of an hour before the retiring whistle; and the retiring whistle will blow at 9 o'clock, P. M., and at 8 o'clock, P. M., each night, during the seasons above designated, as a signal for said children to vacate said streets and go home. Any member of the Newark City Police Force and any Probation Officer of this Court is hereby authorized and instructed to arrest any child violating this ordinance; take said child to its home and bring said child, with its parents, to the Juvenile Court, the morning following the arrest, at 9 o'clock, to answer, with its parents, for such violation of said curfew regulation.

I earnestly request every parent and child and all good citizens, to aid me, as far as possible, in carrying out this curfew regulation.

In testimony whereof, I have hereunto set my hand and affixed the seal of this Court, at Newark, Ohio, this 9th day of December, 1908.

E. M. P. BRISTER,

W. A. BIRMAN & SON'S UNUSUAL OFFER.

"It isn't often that we have faith enough in the medicine put up by other people to be willing to offer to refund the money if it does not cure," said W. A. Birman & Son to an Advocate man, who dropped into their store. "But we are glad to sell our Dr. Howard Company's medicine for constipation and dyspepsia on that basis."

"The Dr. Howard Company, in order to get a quick introductory sale, authorized us to sell this regular fifty cent bottle at half price, 25 cents, and although we have sold a lot of it, and have guaranteed every package, not one has been brought back as unsatisfactory. There are sixty doses in a bottle that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water."

"We are still selling the specific at half price, although we cannot tell how long we shall be able to do so, and any one who is subject to constipation, sick headache, dizziness, liver trouble, indigestion, or a general played-out condition, ought to take advantage of this chance."

REMEMBER PUBLIC LIBRARY

To the People of Newark:

Although your public library has only been open for three or four months, it has certainly proved itself worthy of your confidence and support. Of 1,500 or more volumes which have been purchased or donated about 1200 at this writing are out; so you can easily see that we need more books to supply the increasing calls and demands that are made on us from day to day. We have a goodly number of periodicals on our table but more would be heartily welcomed—particularly your subscriptions for the Scientific American, the World of Today, and the World's Work. Wherefore we urge that in making up your "Christmas Gifts," you will

generously remember the wants of the library which has been established in your midst, and make it the object of your largest and most liberal generosity.

SMOKERS

May Now Enjoy the Weed in Zion City as Dowie's Famous Edict Will Not Be Enforced.

Chicago, Dec. 11.—Zion City, Ill., long famous for the prohibition within its precincts of tobacco smoking, no longer claims that distinction. In a record of transfer of property filed in court the usual clause against smoking is omitted for the first time. Under the rules of the late John Alexander Dowie who founded the town, absolute title to the property did not pass, the community retaining the right to reclaim, in case any of the various provisions of a "moral code" were violated. Signs were formerly posted about the place bearing the words, "Smoking, swearing, and liquor not allowed in this city."

SANITARIUM

Sold to David Craig of Columbus for a Consideration of Eleven Thousand Dollars.

The Newark Sanitarium company, A. J. Kennedy, president and manager, and C. A. Petticoat, secretary, has sold its interests to Mr. David Craig, a Columbus man who has had considerable hospital experience. The deal was consummated Tuesday for the consideration of \$11,000.

Mr. Craig will soon assume charge of the institution, although the direct management and attendants will remain unchanged. A large number of improvements, such as rearranging the rooms and entirely remodeling the interior will be begun shortly.

The Newark Sanitarium company at one time controlled the local institution and the Walnut Hills sanitarium at Cincinnati. At present it employs 14 people in the various departments, and there are now just 14 patients under treatment in the institution.

SEVENTEEN LIVES LOST IN WRECK

Brussels, Dec. 11.—Seventeen bodies have already been taken from the wreck of a work and freight train, which collided today at Tourtaxis station. A score were injured. It is feared others are dead in the debris.

Weak Little Boys

may become fine strong men. Some of the strong men of to-day were sickly boys years ago. Many of them received

Scott's Emulsion

at their mother's knee. This had a power in it that changed them from weak, delicate boys into strong, robust boys.

It has the same power to-day. Boys and girls who are pale and weak get food and energy out of Scott's Emulsion. It makes children grow.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World." SCOTT & BOWNE, 409 Pearl Street, New York.

TERWILLIGER HEARING HAS COMMENCED

Exicide Being Tried Before Judge Wickham and Jury to Determine Sanity—Court News.

In the case of the State of Ohio vs. Ernest Terwilliger, charged with murder in the first degree in killing his wife at their home in the South End, this city, the case came up in the Common Pleas court as to the defendant's sanity of insanity. A jury was impaneled and sworn to try the question and the debate began intruding its evidence. Quite a number of physicians have been subpoenaed and a large crowd is in attendance at the hearing. The particulars of the atrocious murder are still fresh in the memory of the citizens of Newark. Terwilliger and his beautiful young wife lived together in the South End. One night they retired as usual. During the night other acquaintances of the house heard a scuffle going on in the room of the young couple but no attention was paid to it. The following morning when they failed to put in an appearance parties visited their room and found the wife lying cold in death, having apparently been choked to death.

Terwilliger was gone and suspicion immediately fastened upon him. Search was at once instituted and after several hours had elapsed he was finally found in the B & O railroad yards and arrested. At the preliminary hearing he was bound over to the Court of Common Pleas on the charge of murder in the first degree, and was committed to the county jail, where he has remained ever since. The outcome of the examination being made today is awaited with considerable interest.

Seeks Divorce.

Rena A. Howard, formerly of this city, has filed a sensational suit for divorce from her husband, William M. Howard, in the Common Pleas court of Muskingum county. She says they were married in Licking county, November 3, 1887, and that they have four children. Mrs. Howard claims that her husband has been unfaithful and also charges him with cruelty.

Transcripts Filed.

Transcripts in the following cases from the criminal docket of Mayor Atherton have been filed with the clerk of the court:

State of Ohio vs. Roy Cole, bound over to court in the sum of \$300 on the charge of carrying concealed weapons.

State of Ohio vs. Frank Raker, held to the Common Pleas Court on the charge of making an assault and battery on Martin Shively.

MISTAKE CAME NEAR COSTING WOMAN'S LIFE

Mrs. Samuel Finley of Beech Street, Gets Hold of Wrong Bottle of Medicine.

Mrs. Samuel Finley, living at 261 Beech street, North Newark, Thursday night swallowed a quantity of strychnine which narrowly escaped costing her life. Prompt action on the part of Dr. W. S. Turner who was hurriedly summoned, saved the woman's life.

Mrs. Finley is 50 years old. She stated to an Advocate reporter Friday, that she had been suffering with cramps and stepped to the family medicine chest to get some medicine to relieve her, and by mistake got hold of a bottle of strychnine, taking a good quantity of the poison.

Dr. Turner worked for some time with the woman and finally pronouncing her out of danger Friday she was realizing no ill effects from her narrow escape.

LIFE ISN'T WORTH LIVING

This Statement May be Generally Attributed to the Lack of Good Health.

We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper, are so tired and worn out that they feel they must give up, and have become so despondent that life doesn't seem worth living. We know exactly what is the matter with people in this condition and if they will follow our advice, we can tell them how to regain good health and that buoyancy of feeling which makes life seem all sunshine and happiness.

Most of the above described conditions are chiefly caused by catarrhal inflammation of the mucous membranes. This delicate web-like lining of the body becomes inflamed and congested until weakness and mental depression follows. The only way that this can be overcome is through a treatment of the blood. We have the treatment and we are so positive that it will produce the results we claim for it that we will supply it to anyone with the understanding that we will return to them every penny they paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Rexall Muc-Tone, which is a powerful nutritive tonic and body builder, and a mucous membrane alterative that cleanses these membranes and restores their natural and healthy functions.

Rexall Muc-Tone drives out all the catarrhal poison, restores the mucous cells to good health, tones up the whole system, allays inflammation, removes congestion, and stimulates the whole system to healthy activity. It is splendid for building up flesh and muscle tissue and removing all weaknesses.

Come to our store today and get a bottle of Muc-Tone, and after giving it a reasonable trial, if you are not satisfied simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Two sizes, 50c and \$1.

NEWARK POETRY OF '61.

Mrs. M. Stump in rummaging through some old papers Thursday, found an Advocate of September, 1861, which contained the following verse by a local rhymester:

"I love to hear the rooster crow,
I love to see the piglets grow;
But I hate to see the cows go round
When butter's forty cents a pound"

REMEMBER THE POOR AS XMAS APPROACHES

There Are Many in Newark Whom
You Could Help Make Happy
During Yuletide.

The locale is wherever you please in the city of Newark. And if you have visited the outskirts of the city very recently, or any time in winter, you will have no difficulty in finding the place. The time is any day between now and December 25. The scene, a huddled-up, carpetless, dismal and foul-smelling suite of from one to three rooms. Three rooms would be luxurious, so let us imagine but one.

In that single room, fitted with possibly two or three old, tumbled-down chairs and a table, perhaps huddling close to a wiggling little flame from a scanty supply of railroad coal, sits a woman. Beside her, barefooted, the remnants of clothing, in tatters, are two little children, one about three years old and the other nearer five. On the mother's lap, wrapped close in the warmest apparel that she could find, lies a fretful, hungry, babe.

The mother, her sallow skin and sunken cheeks showing plainly the ravages of cold and hunger, and worry, heaves a deep sigh as she glances at the stained walls whose decorations consist of fringes of loosened wall paper and a half dozen calendar pictures, also stained with age, soot and grease.

But one of those pictures excites in her eager mind a hope, a hope so improbable as to be but a dream. It is a home scene of comfort and happiness. There are three little children, a father and mother, sitting in front of a glowing grate. The three childish faces gleam with anxious enjoyment as the mother reads to them from a book, while the father smiles down upon them indulgently. The title of the picture is "Christmas Tales," and as she studies the scene she pictures herself as that mother, the man as her own husband, and the three little ones, the scantily-clad three at her side. And how happy she would be could she but bring such joy into the hearts of her little ones.

But a cold blast of winter wind that sends a chill through her body, sets her babe to crying, and recalls her from the dream of the improbable to the realization of the heartless fact.

It is long past the hour for the father to return from his search for work. Will his efforts be successful? At last will he be rewarded with a good position so that the necessities of life and proper shelter shall protect the little ones from the cruel winter's cold? But hark! An ambulance gong sounds through the air, and forgetful of the pangs of hunger or the chill of the winter blast, she rushes to the door, her heart beating hard and her nerves strung to their highest pitch, lest fate should have passed another dark cloud over the little family.

"Thank God!" she sighs, "it wasn't daddy for here he comes back home." And the man enters, a faint gleam of encouragement lighting the weary eyes sunken beneath a high-set beard much the worse for want of trimming. 'Twas the same story over, but just a little encouraging, too. He had not secured a position, but had a promise of a place soon, but probably not until after the holidays.

With sadness attending their thoughts of the coming festive time,

Both Phones.

these two, huddling their three hungry children to them, sit hand-in-hand, trusting, hoping, praying for the brighter future.

On the street corners, downtown, jingling their tiny bells, stand the faithful members of the Salvation Army, receiving donations for the worthy poor and needy. At their headquarters Christmas supplies are being received in huge baskets glowing temptingly with the Christmas-tide dainties. In their storerooms, the various church organizations are sorting choicest packages of good things to be presented to the city's poor. The probation officers of the juvenile court and the children of the public schools are earnestly bending to their happy task of preparing bundles of clothing, fruit and vegetables which will soon be placed at the disposal of those in want.

Great, whole-souled citizens are donating pieces of money, castoff clothing, and appetizing food to these great institutions, small in their way, but great in purpose and accomplishment.

Those wonderful altruists tell us that this is the happiest time of the year for them, when they may mingle with the poor and needy, give to them of the good things of the season, and help to feed with them the gratitude that brightens their sad faces.

Take your arms full of bundles and accompany one of these numberless of happiness to one of the homes like that we visited a few

moments ago. See the brightness light up the faces of the weary father and mother, and the three tiny children. Hear their happy cries of joy and gratitude for food, clothing and toys, and then, only then, will you know the true blessings of Christmas-time.

IMPROVEMENT OF THE OHIO CANAL

The improvement of the Ohio canal to Dresden is to be completed next summer and the state legislature is to be asked for the necessary \$250,000 to complete the work.

One of the most expensive pieces of the work will be the new steel and concrete aqueduct that is to cross the Walhonding at Roscoe, replacing the old one now there. There are also eight of the score of locks to be built in Coshocton county. Two of the new locks are to be at Roscoe.

Supt. Geidel has the prospect of an exceedingly busy summer ahead of him on his division. This will compare the new canal, with 50 feet, depth from 5 to 7, from Cleveland to the Muskingum river at Dresden. The federal government intends deepening the Muskingum to that point, which in the future means water transportation and all advantages for Coshocton.

OHIO CORN CROP LARGEST IN HISTORY

Shows an Increase Over the Crop of 1907 of Over One Million Bushels.

The Ohio corn crop for the current year is estimated at 163,629,746 bushels, an increase over the crop of 1907 of 1,200,000 bushels, by the state board of agriculture. The board's December crop report, also shows a slight increase in the prospect for next year's increase in the prospect for next year's wheat crop, its condition being estimated at 60 per cent, against 56 per cent, reported one month ago. Local showers in many sections of the state have proved very beneficial. Damage reported by insect pests is very slight. The amount of the crop sold as soon as threshed, is estimated at 44 per cent.

The area planted to corn for this year's harvest as returned by the township assessors, was 2,806,895 acres and the average production per acre as now estimated by the correspondents is 58.9 bushels. The crop generally is of good quality and was cribbed in fine condition.

Apples are reported at 59 per cent, compared with an average yield. This is an increase of 28 per cent, over the crop of 1907.

About the same number of cattle are being fed for spring markets as reported last year. Live stock generally is reported in good condition.

WELSH HILLS.

The donation given at the home of Mr. King, in Sharon Valley, last Thursday evening, in behalf of Rev. W. Hoover was a decided success. Mr. Hoover and family have many warm friends in Sharon.

The boys of Welsh Hills have organized a band. They wish to show their musical talent, and will practice twice a week, Tuesday and Friday nights.

The furnace has been placed in the new church and now it is ready to be plastered. We hope to see its completion in the near future.

CHRISTMAS

The holiday spirit inheres in the merriment of children, a religious glow for all participants, a burst of generosity for those less favored, and a sense of universal peace. Stated more concretely, the deep concerns of the day are the child, the family, the church, and the poor. Its active celebration consists in releasing the good-will of each heart through unselfish action or gratitude. Its atmosphere derives from the old-time attractive belief that at a certain season of the year there was a Peace of God, with a laying down of arms and a cessation of strife. The hope of the day is that there shall be an extension of the area and time-limit of that peace till it gathers in the nations and interpenetrates the daily struggle of the individual. A holiday season offers us the chance to step out and look at our work, and the spirit and purpose of the work. It is a seventh-day affirmation of the worth of the six days of headlong creative activity. Like the Gobelins tapestry weavers, we are mostly on the wrong side of our own pattern. It is profoundly good once a year to see that the outworking is gracious and progressive. The deeper mood of Christmas is quieting to the perturbed spirit of us. We are permitted to glimpse the eternal order—to know that the near foreground is torn and swaying with blind struggle and muddy turmoil, but that behind it, for all the reaches of space, there is the assurance of a great peace.—Editorial in Collier's for December 12.

WIVES AND MOTHERS

Save the Loved Ones From Drink Evil by Using Orrine—Cure Effected or Money Refunded—Can Be Given Secretly.

If your husband or son has fallen a victim to the drink habit, stop pleading, scolding and crying. Use Orrine, which is recommended by thousands of leading druggists throughout the country because they know the good it has accomplished.

This successful remedy can be given secretly if desired, using Orrine No. 1, or the patient can take it of his own free will, using Orrine No. 2. Bitter form destroys the desire for strong drink and builds up the bodily health, making the user strong and well, a man in every sense of the word. Write for free pamphlet on cure of alcoholism to the Orrine Co., Washington, D. C. Sent in plain sealed envelope.

The regular price of Orrine is \$1 a box. There is no risk in buying Orrine as there is a guarantee in every box which entitles you to a refund of your money if Orrine fails to effect a cure. Orrine is for sale by Frank D. Hall, 10 North Side Square.

INJURED MEN DOING NICELY

Attendants at the Newark Sanitarium where Walter Ford, the brick foreman, and Rufus Portee, who were hurt in an accident at the new Arcade structure, Thursday, are being cared for, reported both men resting fairly well. Ford's mother arrived in the city Thursday noon and went to the Sanitarium where she is aiding in the care of her son. It was feared that it might be necessary to amputate the left leg that was so badly crushed, but there is some hope held out by Drs. Barnes and Shirer, who are his physicians, that he may recover without the operation. Dr. Fletcher, a Columbus surgeon, was also in attendance on the case Thursday.

Portee seemed to be suffering little pain from his injury although he is weak from loss of blood. The two gashes in his scalp required a number of stitches. Dr. W. E. Boyer is attending him.

LINCOLN CENTENNIAL

Editor Advocate: Inasmuch the Grand Army of the Republic has initiated arrangements for a celebration of the coming Lincoln centennial, and since our public schools are established to make good American citizens of our boys and girls, I would beg leave to suggest to the officials and teachers of our schools in the city and county that as far as it can be done without increasing the burdens of the teachers that a picture of Lincoln, rather a number of Lincoln pictures, be placed on the walls of every school room, and that there be some instruction or exercises, in "Lincolniana," such as reading stories and writing compositions about him, from this time until the coming 12th of February. This Lincoln centennial will only come once in the lifetime of our school children; let them have the full benefit of it, that they may tell the story to their children and children's children in the years to come.

In nothing more, in the case of small children, they could learn to ad-

REGIMENTAL INSPECTION FOR SIR KNIGHTS

Licking Company No. 121 U. R. K. of P., Will Participate in Ceremonies at Columbus.

Licking company, No. 121, held a special assembly at its Armory Wednesday night, December 9th, and received "Special Orders 368" to attend in company form, regimental inspection in Columbus on New Year's day at 2 p. m. This inspection will be open to the public and be had instead of company inspection and is very elaborate and will be enjoyed by all Sir Knights.

In the evening a reception and grand ball will be given for all Sir Knights in dress uniform without swords, and their ladies.

Plans were adopted toward arranging for the appearance of the famous Pythian League Minstrels to be given here soon under the auspices of Licking county.

It is specially urged that all Sir Knights attend the next assembly of this company which will be held next Wednesday evening, December 16 to further preparations for regimental inspection and other important business of interest to all Sir Knights.

ATTEMPT ON PRIEST'S LIFE.

Youngstown, Dec. 11.—An attempt on the life of Rev. Louis Lops, a well-known Italian priest here, made Sunday, became known today when the priest's condition grew so serious that death was feared. As he said the second mass Sunday he was given wine believed to have contained strychnine.

FAIR MANAGERS TO MEET.

Marion, Dec. 11.—The Ohio Fair Managers' association will convene in annual session in this city December 16, and will hold meetings during two days. Among the most important speakers are Warren G. Harding, former lieutenant governor; A. P. Sandles of Ottawa and T. L. Calvert of Columbus.

A CLOSE SHAVE.

Many of Them Happening Every Day but Soon Forgotten.

Close shaves would be of more frequent occurrence but for the tender faces of many men, which will not permit of shaving often. Heretofore, nothing has been said in these columns about postam, a new skin discovery, in connection with its use after shaving. Its publicity and sales have been confined almost exclusively to its remarkable properties as an eczema cure; it stops the itching at once and cures the worst cases in a few days. While the application of postam after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers will find it a revelation, as it does for abrasions, roughness, and severe scrapings what it does for all manner of skin difficulties—heals and cures in a few hours. It is the only article possessing real antiseptic and curative value that has ever been exploited for this purpose, and will soothe and tone up the skin as no toilet preparation could possibly do.

Postam can be had for fifty cents at any reliable druggist's, particularly Frank D. Hall, who makes a specialty of it. Or the Emergency Laboratories, No. 32 West 25th Street, New York City, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in 24 hours.
